Painted 3-Panel Winslow Panel Door

MADERO. DOORS FOR LIFE.

Modern, contemporary, colonial, or eclectic, Madero has a deep respect for the subtleties of timeless design, but it doesn't end there. Partnering with innovative manufacturers and offering industry-leading warranties, Madero's selection of doors stand the test of time.

Take a look, and see what you find. For more, visit us online at www.madero.ca.

MOULDED PANEL

Madero is proud to partner with Masonite® to provide moulded panel doors that have been transforming interiors for over 80 years. Together we are relentlessly committed to delivering product, service and design innovations which will enhance the beauty and functionality of your home.

Quality Is Our Standard

Moulded panel doors from Masonite are more durable and resist warping, shrinking and cracking. These beautifully engineered doors are available in a smooth or textured woodgrain finish, with matching bifolds to suit any decor. They come in a wide range of widths and heights and are primed for easy finishing. By-product wood chips and timber from sustainably managed forests are used at Masonite facilities, with a commitment to environmental excellence in every step of the door manufacturing process.

MASONITE.

Hollow Core

- Perfect solution for budget-minded customers.
- 1-3/8" or 1-3/4" thickness available; primed white and ready to paint.
- Contains pre-consumer recycled content, resource efficient materials and a honeycomb core.

hollow core

Safe 'N Sound® Solid Core

- For reduced sound transmission; ideal for bathrooms and bedrooms where privacy and safety are a concern.
- 1-3/8" and 1-3/4" thickness available in most moulded panel designs and sizes.
- 20 minute fire rating available in 1-3/4" thickness only.
- Offers heft and feel of solid wood; primed white and ready to paint.
- Manufactured with DorCor™, a low density fiberboard made from wheat straw (annually renewable, agricultural, wheat by-product).

safe.sound®
SOLID CORE MOULDED PANEL DOORS

Safe 'N Sound® Emerald™ Solid Core

- Ideal product for allergen-sensitive customers requiring optimal air quality.
- 1-3/8" and 1-3/4" thickness available in most moulded panel designs and sizes.
- 20 minute fire rating available in 1-3/4" thickness only.
- Offers heft and feel of solid wood; primed white and ready to paint.
- Forest Stewardship Council (FSC) certified wood, containing environmentally preferred products: low emissions adhesives and sealants, extremely low VOC emissions, and no added urea-formaldehyde (NAUF).
