MADERO. DOORS FOR LIFE.

Modern, contemporary, colonial, or eclectic, Madero has a deep respect for the subtleties of timeless design, but it doesn't end there. Partnering with innovative manufacturers and offering industry-leading warranties, Madero's selection of doors stand the test of time.

Take a look, and see what you find. For more, visit us online at www.madero.ca.

STILE & RAIL

Madero offers a complete line of interior stile and rail wood doors to meet any architectural or design requirement. The wood panel designs include traditional and contemporary styles, from a variety of sustainably harvested wood species. Add warmth and richness to any room with the look and feel of natural solid hardwood veneer – constructed to withstand the daily rigors of family life.

Woodport Doors is a seasoned, quality supplier of authentic wood doors, located near the rustic forest region of Wisconsin's North Woods. This area has a long history of the woodworking trade, and they are proud to continue the craft. Skilled men and women build stile and rail wood doors as beautiful as they are strong. Make your dream door a reality from a wide product selection – we're confident you'll find the perfect style for your home.

FRENCH DOORS

French doors are a smart choice for adding privacy to a study or home office, without robbing it of valuable lighting. In addition to keeping light flowing into the room, they provide a secure view into your home. The need to hold private conversations or finish work at home may isolate you from your family. By using French doors, you won't be secluded behind a solid wood door, and they serve as a buffer to various household noises. Choose from traditional designs with nostalgic charm, or modern panel lite styles for a fresh new look. Glass options are available to suit every taste.

WOOD FRAME OPTIONS

Madero Jamb Packs

Choose from primed MDF or matching wood veneer, ready to paint or stain. Madero's jamb packs ship complete with flat jamb or rabbeted jamb, door stop (flat jamb only), machined jamb, and three 3-1/2" ball bearing hinges on handed jamb packs. Reversible jamb packs include plain bearing reversible hinges.

- Bullnose or Colonial stop available
- Jamb packs are available left or right handed, or reversible

Custom Frames

Choose from primed or matching wood veneer, ready to paint or stain. Available for 1-3/8" or 1-3/4" doors; jamb depths to accommodate wall thickness.

FIRE RATED FRAME OPTIONS

Madero offers the best in door components for the ultimate finished look. Choose a matching frame to complement your new door, made of primed finger joint pine, smooth white or textured woodgrain composite, or galvanized steel.

When safety standards are a priority, choose fire rated doors and frames. Madero's interior door product line features the standard 20 minute Warnock Hersey fire rating, with optional 45, 60, and 90 minute ratings available. These materials can withstand extreme temperatures and keep what's inside safe.

20 Minute Fire Rated Finger joint Pine Frame (primed)

Primed, kiln-dried fingerjointed pine frames provide beauty and strength with a Warnock Hersey certified 20 minute fire rating. They are suitable for interior or exterior use when painted or stained.

- Available up to 8-7/8" jamb depth
- Available with or without kerf application

20 Minute Fire Rated Composite Frame

Madero's unique composite jamb product offers built-in advantages that are unmatched in the door industry. Our maintenance-free product means less work for you and longer life for the entry unit. Composite frames are very strong, with superior screw holding power and a tough exterior finish. Available in both smooth white and textured woodgrain finishes, these frames are designed to coordinate with any color and style of door.

- Available in 4-9/16", 6-9/16" or 8-9/16" jamb depths only
- Prefinished Smooth White can be painted
- Textured Woodgrain requires stain or paint

DAYBAR

90 Minute Fire Rated Steel Frame

Steel frames provide additional security as they are strong and durable, with a Warnock Hersey certified 90 minute fire rating. They are suitable for a variety of applications including welded, expandable and drywall anchored frames. Galvanized steel frames will accept paint, and require minimal maintenance.

Painted Berkley 6-Panel Equal with 1 Vertical Panel
