

Rockwood miter pulls are fabricated by a precise process that accomplishes the joint without any sign of welding residue. The GripZone feature of NeoMitre adds appeal to the design. Beyond providing an attractive contrast, the satin finish contact area conceals small scratches caused by routine use. Available in three diameters and custom lengths.

NeoMitre™ with or without GripZone™

Straight Pulls

Pull No.	Diameter	CTC
RM7300	1"	8", 11", 16"
RM7310	1 1/4"	11", 16", 20"
RM7320	1 1/2"	11", 16", 20"

Up to 36" CTC available.
