Welcome to Woodport Doors

When a tree falls in the forest, it longs to become a Woodport door, after all, the quality of our custom wood doors is beyond measure. Even with this high level of quality, our skilled craftsmen have one of the fastest turnaround times in the industry. You'll never have to wait to beautify the interior or exterior of your home or light commercial building. Best of all, Woodport Doors exude Made in America quality that is all-American and all their own.

Custom Doors

Make your dream door a reality

Create a signature look with a custom door made to fit with your home's personality.

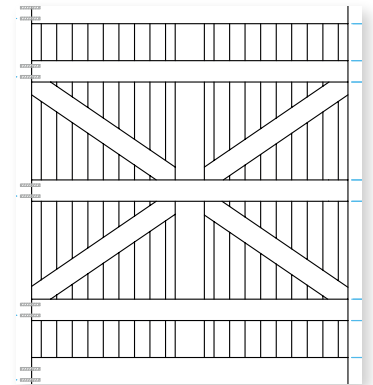

Start with inspiration

Whether it's art or architecture, furniture or fashion, we'll use what inspires you to make your dream door a reality.

Detail the design

We'll draft line drawings that will be the blueprint for your door, making it possible for you to see the design before it's put into production.

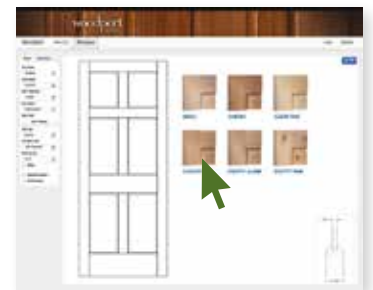

Craft your custom creation

Our craftsmen will create the perfect fit - a breathtaking feature you and your guests will admire for years to come.

Build the perfect door

Use our online software tool to create the door of your dreams with the click of a button. Choose the style, size, dimension and materials for a CAD drawing and a quote.

Visit www.WoodportDoors.com to learn more.

Traditional Doors

Interior & Exterior

Doors that inspire

From simple and sleek to bold and ornate,
Woodport makes wood panel doors that inspire.

We have arched, eyebrow, square, horizontal and
contemporary styles, available for interior or
exterior use in sizes and styles to fit your home.

Pre-hung Doors

Interior Doors

Enjoy the beauty of your doors in a matching frame or a frame in the specie of your choice. Why not allow us to make your installation quick and easy by pre-hanging your door for you. Explore all of your options at www.WoodportDoors.com.

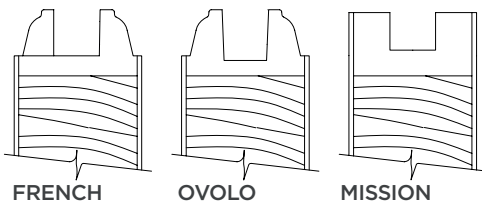

It's all in the details

For the finishing touches... Pick and choose the final details to make your door unique.

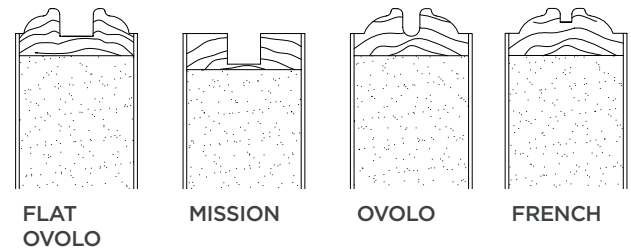

Door profiles

A door's profile is the added accent that makes all the difference. Choose from our wide range of profiles and give your door an edge.

EXTERIOR PROFILES

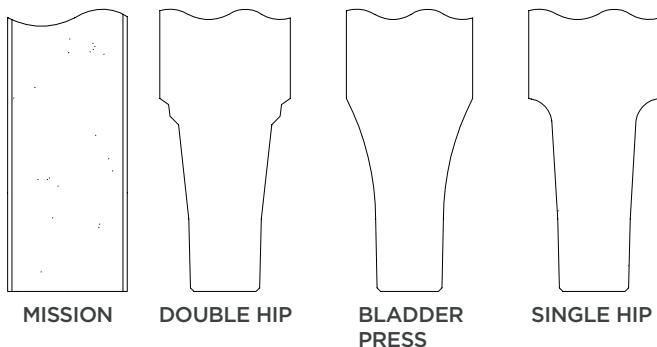

INTERIOR PROFILES

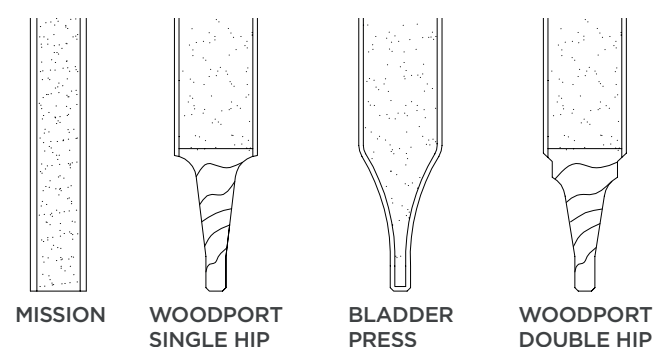

Door panels

The design of a door's panel adds a level of detail and polish to the overall feel of the door. Determine which of these panel options will look best in your home or business.

EXTERIOR PROFILES

INTERIOR PROFILES

Edge bands

When looking for a seamless fit, we realize that the door frames in some houses call for a bit more wiggle room than others. Woodport's exterior doors are crafted with edge bands that are wider (3/4") than industry standards, allowing you to cut your new wood door to size so it will fit your house perfectly.

Warranty

At Woodport Doors, we proudly stand behind our products. Visit us online at www.WoodportDoors.com for warranty details.

Glass & Wood Options

Whether you're looking for simple and sleek or high-end and customized, Woodport Doors prides itself on perfectly crafted doors. If you don't see what you envision in the catalog or website, we're happy to work with you to bring it to life.

Glass samples

Complement your door with the perfect glass. Woodport Doors offers an extensive selection of glass. See our full range of glass styles at WoodportDoors.com.

Wood species

From rich reds and browns to soft, light tones, we offer an array of wood species. Looking for something not seen here? We commonly procure other wood materials to create custom doors with a one-of-a-kind look.

Woodport offers more than 40 wood species. Some of the most common wood types are shown here. Please visit our website for a complete listing of wood offerings.

Door Accessories

Sidelights

Narrow glass windows next to one or both sides of a wooden door, our sidelights make elegant additions to both interior and exterior entrances. Sidelights anchor and accentuate the door, turning it into an attention-getter.

Transoms

A transom is a horizontal molding or window over the top of the door. Transoms add a smart, sharp and stylish look to every entrance.

Jambs

Just like our quality doors, our jambs are available in a wide variety of species. Whether you purchase your doors pre-hung or choose to purchase the jambs and stops separately, we can meet your needs.

Hinges

We offer hinges in three different finishes: Bright Brass, Oil Rubbed Bronze and Satin Nickel.

For a complete list of door accessories, please contact a Woodport Doors' distributor/seller. Visit our website to find a seller near you.
