

FE-series residential keypad entry locks

FE595, Grade 2

When it comes to security and safety, no other name is trusted like Schlage. For nearly 90 years, Schlage has been dedicated to providing the highest level of security to homes and businesses. We've taken our experience in commercial door hardware and applied it to developing some of the toughest, most advanced door hardware for residential applications.

From innovative, electronic communicating locks to elegant high-security handlesets, levers, knobs and decorative hardware, our residential products deliver reliable security in a wide variety of styles and finishes to complement any home.

Convenient. Secure. Stylish.

Experience keyless freedom with Schlage keypad locks, revolutionary products that bring security to a new level. Our keypad locks combine the convenience of keyless entry with the superior quality you expect from Schlage.

Security and Quality

- Grade 2 ANSI/BHMA certified
- Patented commercial-grade clutching motor drive; tested to one million cycles
- Vandal-resistant, free-spinning deadbolt turn and clutching knob/lever design
- Code control; 6-digit programming code required to add and delete user codes
- Warning sounds after four incorrect codes entered; keypad disabled for 30 seconds
- Mechanical key override; patent pending

Convenience

- Convenient keyless access; no keys to hide, lose or forget
- Fits standard door prep; no additional mounting holes required
- Pre-set with random 6-digit programming code and two random 4-digit user codes; no programming required
- 19-user code capacity; 10,000 user code combinations
- Easily programmed right at the keypad; no need to remove inside escutcheon
- Blue LEDs illuminate the keypad on demand for evening use
- Locks can be re-keyed to match existing locks
- 9-volt alkaline battery included, low battery warning and average 3-year life
- Easy access to replace battery
- FE595 model with Flex-Lock feature easily switches between lock and passage models
- FE575 model with Auto-Lock feature locks automatically
