

Long door pulls are an artful and functional solution for any door. We offer both straight and offset versions. Most often used as full height, these pulls are available in three diameters and any length from 3 feet to over 8 feet long; see price list for more information. Specify a mid-post on full height pulls to provide the most rigid grip where heavy doors or high wind loads are present.

MegaTek™
long door pulls

Straight Pulls - Square Ends

Pull No.	Diameter	CTC
RM3300	1"	36" to 96"
